## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: A device is provided for hanging and removing party decorations from substantial heights. The device includes a flexible platform for applying adhesive to decorations, a sharp hook for removing decorations, a slit for steadying ribbon or string, a plurality of containers for holding ribbon or string, a paper dispensing means including a spindle, and a balloon hanging means comprising a hook and a net. The closest prior, Webb (US 5,964,489) shows a similar device that also utilizes an elongated pole and spindle-like mechanism for dispensing crepe paper and tape for use in party decorating. However, Webb does not combine the aforementioned mechanisms with a removal apparatus, balloon hanging means, or containers. The combination of all of these features on a single elongated pole renders the invention allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
